*Originality is always trendy!*

Here are just some of the easy-to-use functions

- **40 built-in stitches, including 6 styles of one-step automatic button holes**  
Quickly and simply select the required stitch from the keypad.

- **2.7" Monochrome LCD screen** Shows the information about your stitch at a glance.
- **Quick-set bobbin** Simply drop in the bobbin and you are ready to sew.
- **LED sewing light** Extra bright LED lights.
- **Automatic thread cutting** Cut the thread with just the touch of a button or set to automatically cut at the end of stitching.
- **Advanced needle threading system** Simply follow the thread guide and press the lever to thread the needle.
- **SFDS: Square Feed Drive System** Gives you smooth, even feeding action for superior stitch quality on any weight of fabric.
- **Drop feed** The feed is easily lowered for free motion or free hand sewing – useful for quilting.
- **Lock stitch button** At the touch of a button, tie-off stitches can be easily sewn at the beginning and end of the stitch.
- **Stitch width control by speed lever** Easily create your own zigzag patterns easily, while sewing with the slide control.
- **Initial needle position function** Lets you move the needle to the left or centre, making it easy to sew your fabric at exactly the point you wish.
- **Needle stop position control up/down** Select whether the needle should be up or down when the machine stops.
- **Automatic reverse/reinforcement stitch** Creates a professional beginning and end of the stitching line.
- **Hard case** Protects the machine when not in use.

Optional accessories
